Exposition Intra Department Article Competition

Rules & Regulations

- Entrepreneurship, IT & Management are the Themes of the Exposition 2020. Consider these themes when writing the articles.
 - Language should be English (US), Sinhala or Tamil.
 - Articles should be approximately 1000-1500 words in length.
 - Should be written as continuous narrative in a chapter or article style, not as lists of points.
 - Structure of the text should be relatively formal.
 - Do not mix the tenses if the state or the timeframe is same.
 - Articles should be well researched & therefore should cover unique areas.
 - Plagiarism is prohibited. Reproduced information from the web is not accepted.
 - Articles should be based on your own original ideas and views and should not contain any facts which are copied directly from the web.
 - Facts & claims should be verifiable.
 - Should represent viewpoints fairly & without bias and be focused on the main topic.
 - Topics should be relevant & creative.
-
- Articles should be illustrated with appropriate & high resolution (300 dpi) images.
 - Avoid Clip Arts at all purposes. Use graphs, charts & other graphical tools.
 - Images should be placed in a separate folder & renamed according to the purpose of it to the article (Self-Explanatory).
-
- i.e. The image should be named based on its purpose and the part where it is intended to use should be mentioned. If graphs or charts are used, the name should contain the purpose and what it shows.
 - Write a brief summary about the article in a separate document & include all sources of the article. (Include references of statistics/quotation used)
